Stop the Basin Reserve Flyover!

We are **opposed to any proposal for an elevated concrete road or flyover next to the Basin Reserve** which will ruin its amenity, detract from its appeal as an international sporting cricket venue, and create even more car traffic in the area. The Basin Reserve is the oldest sporting ground in New Zealand and its iconic heritage must be protected. We also oppose a second Mt Victoria tunnel and road widening in Wellington Road and Ruahine Street.

We call upon the Wellington Regional Council, Wellington City Council and the New Zealand Transport Agency **to resolve Wellington's transport issues around the Basin Reserve by sustainable transport options** such as bus lanes, light rail, walking and cycling improvements, and to consult with the community about all options including these sustainable ones.

Signature	Name	Address	**Email address:** keep up to date with our campaign.

Please send completed forms to: **Green MP Sue Kedgley**, Parliament Buildings, Parliament, Wellington (no stamp required)
